WARNING NOTICE

A 2015 permit decal could not be located on your vessel as is required by Town Ordinance.

As of today August 10, 2015 you will have until August 20, 2015 to file for, receive and affix the decal on the end of the vessel that faces outwards for easy inspection.
Or, you can advise the Harbor Commission via email that you have a decal (provide the decal number), attach the decal by the date noted above.

If not, per Town Ordinance, the vessel will be removed from the Bushnell Street Access Point small vessel storage area.

To retrieve your vessel you will have to pay a recovery fee, and complete the small vessel application and pay the appropriate permit fee amount.

Signage alongside of the storage racks provide all the information required to the rules for usage of racks and how to apply for a permit.

Applications are available on the Town of Essex's Website: essexct.gov.
You can also access the email address for the Harbor Commission on that same website.
