M Furgueson called the meeting to order, and reviewed the protocol for a site walk.

A Schumacher provided an overview of the proposed development and reviewed the existing wetlands and proposed stormwater system proposed for the property. The group walked the site and A Schumacher pointed out the key features of the site including but not limited to the existing wetlands, wooded are proposed to be cleared for the new 10,000 sq ft building, existing fuel tank, parking areas, etc.

The group also walked across the street to 44 Plains Road with Jim Clark to investigate the existing pipe that takes water from the storm drain at Plains Road to an area adjacent to the railroad tracks.

M Furgueson concluded the site walk at 1:35 PM.

Respectfully Submitted

Carey Duques, Land Use Official
