Others- Joel Marzi, Resident

F Szufnarowski called the meeting to order, and reviewed the protocol for a site walk.

B Norton provided an overview of the operations that occur on the property. The group walked the site and Joe Wren pointed out the key features of the site including but not limited to the intermittent stream, adjacent wooded lot proposed to be cleared and used for storage, and the proposed location of a rain garden.

F. Szufnarowski concluded the site walk at 5:13 PM.

Respectfully Submitted

Carey Duques, Land Use Official
