

Checklist for Application for Demolition Permit

Property Address: _____

Is this structure more than 75 years old? _____

Does this structure exceed 500 square feet? _____

- Notice of Intent to Demolish - If the answer is yes to both of the above, **OR** the structure is listed on the National Register of Historic Places, a Notice of Intent to Demolish will need to be completed and the steps outlined in the Ordinance for Delaying Granting of Permit for Demolition of Historic Buildings must be followed.

- Date sent to CC's: _____
- Date posted on website: _____
- Date sign posted: _____

- Town of Essex Demolition Permit Application (completed by both property owner and demolition contractor.)

- Permit Fee Cash \$ _____
 Check \$ _____

- Certificate of demolition registration

- Certificate of Insurance naming the Town of Essex as an additional insured.

- Declaration from contractor, on company letterhead and signed by an officer of the company, containing the save harmless statement outlined in the 9/24/14 memorandum from the Department of Administrative Services (Division of Construction Services.) – attached.

- Public Utility Disconnect Notices

Public Utility Company	Attached	Not Applicable
CT Light & Power		
Phone Company		
Cable Company		
Propane/gas Company		
Water Company		

- Copy of Pre-Demolition review regarding the existence/non-existence of asbestos containing material(s). If asbestos containing material(s) found, a report from a licensed asbestos abatement contractor stating that any asbestos containing material found has been removed in their entirety. (*Does NOT apply to single family homes.*)

- Copy of State Department of Public Health “Demolition/Notification Form”

- Copies of Certified Mail Notices to adjoining property owners (CGS 29-407)

- Contractor’s Certificate of Worker’s Compensation

DEMOLITION PERMIT REQUIREMENTS

(2/26/15)

There are no permit requirements for demolition with the **Zoning Department**. Please see “What if my house burns down?” at www.essexct.gov/land-use-zoning-inland-wetlands for requirements regarding re-construction should the current structure have non-conforming characteristics or if there are wetlands or a watercourse nearby.

For the Health Department:

1. Health Department review of septic system and well protection measures.
2. Copy of State Department of Public Health “Demolition/Notification Form/Asbestos Abatement Notification Form” (See Health Department demolition requirements attached or at www.essexct.gov/health-department)

Permit applicants must complete the Application for Demolition Permit and submit the following to the Building Department:

Note: For structures that are included on the National Register of Historic Places or are over 75 years old, see the demolition delay ordinance for procedures and information regarding the 90 day waiting period.

3. Completed Application signed by BOTH owner of property and demolition contractor
4. Appropriate permit fee
5. Certificate of demolition registration (see **Registration Guidelines/Exceptions***)
6. Certificate of Liability insurance naming the Town of Essex as an additional insured.
 - a. Specifying demolition purposes
 - b. 100,000/300,000 bodily injury
 - c. 50,000/100,000 property damage
 - d. Declaration from contractor containing save harmless statement as outlined in 9/24/14 DAS memorandum. (attached)
7. Notification of Disconnect Certificate from each public utility serving the building to be demolished stating that all service connections are discontinued and capped.
8. Per 29-407: Copies of notifications to all adjoining property owners by registered or certified mail at last known address in assessor’s records.

9. *w/c*

DEMOLITION NOT TO COMMENCE UNTIL PERMIT ISSUED.

***REGISTRATION (LICENSE) GUIDELINES/EXCEPTIONS**

1. Per CGS 29-402 “No person shall engage in the business of demolition of buildings without a certificate of registration.” see #3 below for registration exceptions
2. Two classes of registration: Class A: Structures that exceed 2 ½ stories or 35’ in height. Class B: Structures equal to or less than 2 ½ stories or 35’ in height.
3. Registration exceptions – Registration/license is not required for the following:
 - a. Person engaged in disassembling, transportation and reconstruction of historic buildings *for historic purposes*
 - b. Demolition of farm buildings
 - c. Renovation, alteration or reconstruction of single-family residence- See #4 below
 - d. Burning of building by Fire Department for training
4. The demolition of a single family residence or outbuilding by owner meets registration exceptions under the following conditions:
 - a. Structure cannot exceed 30’ in height
 - b. Owner shall be present on site while demo work is in progress – need not perform demolition
 - c. Owner held personally liable for injury to persons or property (public or private)
 - d. Building must have clearance to other structures, roads or highways equal to or greater than height of building

Memorandum

Date: September 24, 2014

To: Municipal Building Officials
Chief Elected Officials

From: Joseph V. Cassidy, P.E., Acting State Building Inspector

Subject: Insurance Certificate Requirements for Demolition Permits

The State of Connecticut, Office of the State Building Inspector is providing this memorandum and guidance to address a conflict between state laws relating to (1) insurance requirements for demolition permits; and (2) the form and content of "certificates of insurance."

C.G.S. §29-406 outlines the requirements for obtaining a demolition permit, and states in relevant part:

No person shall be eligible to receive a permit under this section unless such person furnishes written notice to the building official (1) of financial responsibility in the form of a certificate of insurance specifying demolition purposes and providing liability coverage for bodily injury of at least one hundred thousand dollars per person with an aggregate of at least three hundred thousand dollars, and for property damage of at least fifty thousand dollars per accident with an aggregate of at least one hundred thousand dollars; *each such certificate shall provide that the town or city and its agents shall be saved harmless from any claim or claims arising out of the negligence of the applicant or his agents or employees in the course of the demolition operations; . . .* (emphasis provided).

Public Act 14-74 relates to "certificates of insurance," and provides in relevant part that:

No certificate of insurance shall warrant that the referenced insurance policy complies with the insurance or indemnification requirements of a contract. The inclusion of a contract number or contract description on a certificate shall not be construed as making such a warranty.

It has come to our attention that the C.G.S. § 29-406 clause requiring that certificates of insurance include save harmless language conflicts with Public Act 14-74 and the Connecticut Unfair Insurance Practices Act under C.G.S. §38a-816, and may be problematic for insurance agents to fully comply given the coverage afforded under standard commercial general liability policies.

Please be advised that the Department of Administrative Services will be working with the legislature next session to revise C.G.S. § 29-406 to eliminate the conflict in the statutes and to ensure that any insurance required to obtain a demolition permit is commercially available and acceptable.

Until the statutory conflict is resolved, the Office of the State Building Inspector will no longer require that certificates of insurance relating to demolition permits include save harmless language. We recommend that municipalities accept the following documents instead to fulfill this statutory requirement:

- 1) A certificate of insurance demonstrating the prescribed coverage, and which names the municipality issuing the demolition permit as an additional insured; and
- 2) A separate declaration from the contractor, on company letterhead signed by an officer of the company, with the following save harmless statement:

In accordance with Connecticut General Statute § 29-406, we **[contractor]** hereby agree to save harmless the **[town or city]** and its agents from any claim or claims arising out of the negligence of the applicant or his agents or employees in the course of the demolition operations associated with **[project title, address]**.

Health Department Demolition Permit Requirements:

A COPY of the Demolition Notification to remain in the property file.

Health Department:

Any building being demolished, regardless of its use, (single family, multi-family, residential, commercial, industrial, public, private, etc.) must have a completed Demolition Notification form submitted to the CT Department of Public Health as required by the Regulations of CT State Agencies (RCSA), Section 19a-322a-3. All buildings other than single family homes must also have an asbestos inspection done by a licensed asbestos contractor prior to demolition.

Demolition Notification Form (required for all buildings being demolished)

1. This form must be completed and submitted to the Department of Public Health (DPH) when a facility is being demolished and the facility either contains no known asbestos-containing material or if the facility contains no more than ten (10) linear feet or no more than twenty-five (25) square feet of asbestos-containing material.

Note: Facility means any private or public building or structure including but not limited to those used for institutional, residential (including single family homes), commercial or industrial purposes and vessels while ashore or in drydock.

2. Demolition can begin 10 calendar days or more after postmark date on the Demolition Notification Form and after all other permits are issued.

Asbestos Abatement Notification Form (use only if asbestos abatement is required)

1. This form must be completed and submitted to the Department of Public Health (DPH) for asbestos abatement involving more than ten (10) linear feet or more than twenty-five (25) square feet of asbestos-containing material.
2. All asbestos abatement involving more than three (3) linear feet or more than three (3) square feet of asbestos-containing material must be performed by a licensed asbestos contractor.
3. The Demolition Notification Form (above) does not need to be submitted to DPH *if* the agency previously received an *asbestos abatement* notification form for the facility in which "Demolition" was indicated in Box 9.

All asbestos abatement contractors, consultants, workers & site supervisors must be licensed by the CT DPH. To verify a license go to www.elicense.ct.gov

Drinking Water Wells & Septic Systems

The Health Dept must be notified of the status of the existing on-site septic system and wells – will they remain in place or be abandoned. Documentation of septic system abandonment must be submitted to the health department. Well abandonment must be done by a licensed well driller and the appropriate Well Abandonment Form must be submitted to the Health Dept. (RCSA, Sec. 25-131)
