TOWN OF ESSEX **Zoning Commission**

Essex Town Hall, 29 West Avenue Essex, Ct 06426

Petition for a Text Amendment of Zoning Regulations

Petition for a Change to the Town's Zoning Map **PART TWO**

Signature of Property Owner (X):	Darshan LLC (OWNER) Danton F. Rei L, Momber			
Address:	PO BOX 236 ESSUX, CT 06/26			
Application #	20-10 Date of Receipt Fr.1, Sept 18, 2020			
The same description of acquest a text amendment to the Essey Zoning Regulations				

The undersigned request a text amendment to the Essex Zoning Regulations.

- This petition requests a change in zoning regulations and there is attached: [X]
 - 1) A full text of the proposed change in the zoning regulations clearly indicating existing provisions to be repealed and the new provisions to be enacted.
 - 2) A complete and comprehensive statement of the reasons for any proposed changes, including any special interest the Petitioner(s) may have in such change, is attached.
- This petition requests a change to the Town's Zoning Map and there is [] attached:
 - 1) A map clearly showing the area to be re-classified and specifying the present classification and proposed new classification with existing and proposed boundaries.
 - 2) A list, keyed to the map, of the names and addresses of the record owners of and within the area to be affected, and within 500 feet outside the area to be affected by such reclassification, and
 - 3) A complete written description, by metes and bounds or courses and distances, of the location of any new zoning district boundary or boundaries proposed.

ATTACHMENT 1

EXISTING:

- 90A.1. <u>GENERAL PRINCIPAL USES.</u> The following principal uses and buildings which do not exceed a total of 3,500 gross square feet of combined building and outside storage area for new construction on a vacant lot or an increase in any five year period of 2,500 square feet or 15%, whichever is less, for existing buildings and outside storage, and which are in compliance with Sections 90B (as to Uses) and 90C (as to Buildings) hereof, are permitted when authorized by a zoning permit granted by the Zoning Enforcement Agent pursuant to Section 121 of these regulations:
- (A) Corporate headquarters, non-retail financial institutions, and business and professional offices. Required off-street parking shall be located to the side or rear of the principal building on the lot.
- (B) Publishing, printing, photo-engraving, and bookbinding, blueprinting and similar graphic reproduction service;
- (C) Wholesale distributing establishments and storage warehouses excluding self storage facilities;

PROPOSED:

90A.1 (C) "Wholesale distributing establishments and storage warehouses excluding self-storage facilities, unless housed in an existing building with a maximum of one loading dock access and the minimum number of access and egress doors required by the state fire code."

ATTACHMENT 2

The petitioners have applied for a zone regulation amendment in the light industrial (LI) zone in the Town of Essex. The zone includes a number of light industrial uses, including storage warehouses and wholesale distributing establishments but a phrase was added to the uses described, which specifically excludes "self-storage facilities". Research conducted with the assistance of the Town Zoning Office has failed to locate any historical evidence of when and why this particular exclusion was added to the zoning regulations. The petitioners have a particular interest in investing in Essex real estate and have a real estate contract and option to substantially renovate a building in the LI zone to house a self-contained, climate controlled, self-storage facility. The petitioners have an outstanding record of establishing such facilities in other local Connecticut towns.

The petitioners' parking requirements are minimal and their sites resemble any other existing warehouse facility in the local area and blend in with similarly industrially zoned buildings.

Within the Essex Plan of Conservation and Development (POCD), several sections refer to ensuring that future development occurs within existing developed and impervious areas. (See page 11 of Town of Essex POCD). On page 18, the POCD recommends that future development continues to include redevelopment of underutilized properties within the existing core areas of Town and intensification of activity within these areas. The petitioners will be substantially renovating a subject property within the existing LI zone and within the existing building. On pages 38 and 68 of the POCD, one recommendation is to help encourage and enable redevelopment of existing buildings and expand allowable uses. Overall, the petitioners submit that the Essex POCD is consistent in envisioning viable, acceptable uses within the existing LI zone to assist existing industrial buildings to upgrade and continue to be future taxable real estate assets to the Town of Essex.
