The Connecticut Coastal Academy is at the forefront of a decades-long movement that recognizes the gifts of people with physical, intellectual, social/emotional and learning differences.

Located in Essex, CT, the Connecticut Coastal Academy is a state-approved, private special education program for students in Grade 6 through age 22. Overseen by the CT Department of Education, we provide educational supports and specialized services to at-risk students with disabilities. We help students grow personally while gaining real-world experience and developing essential living skills.

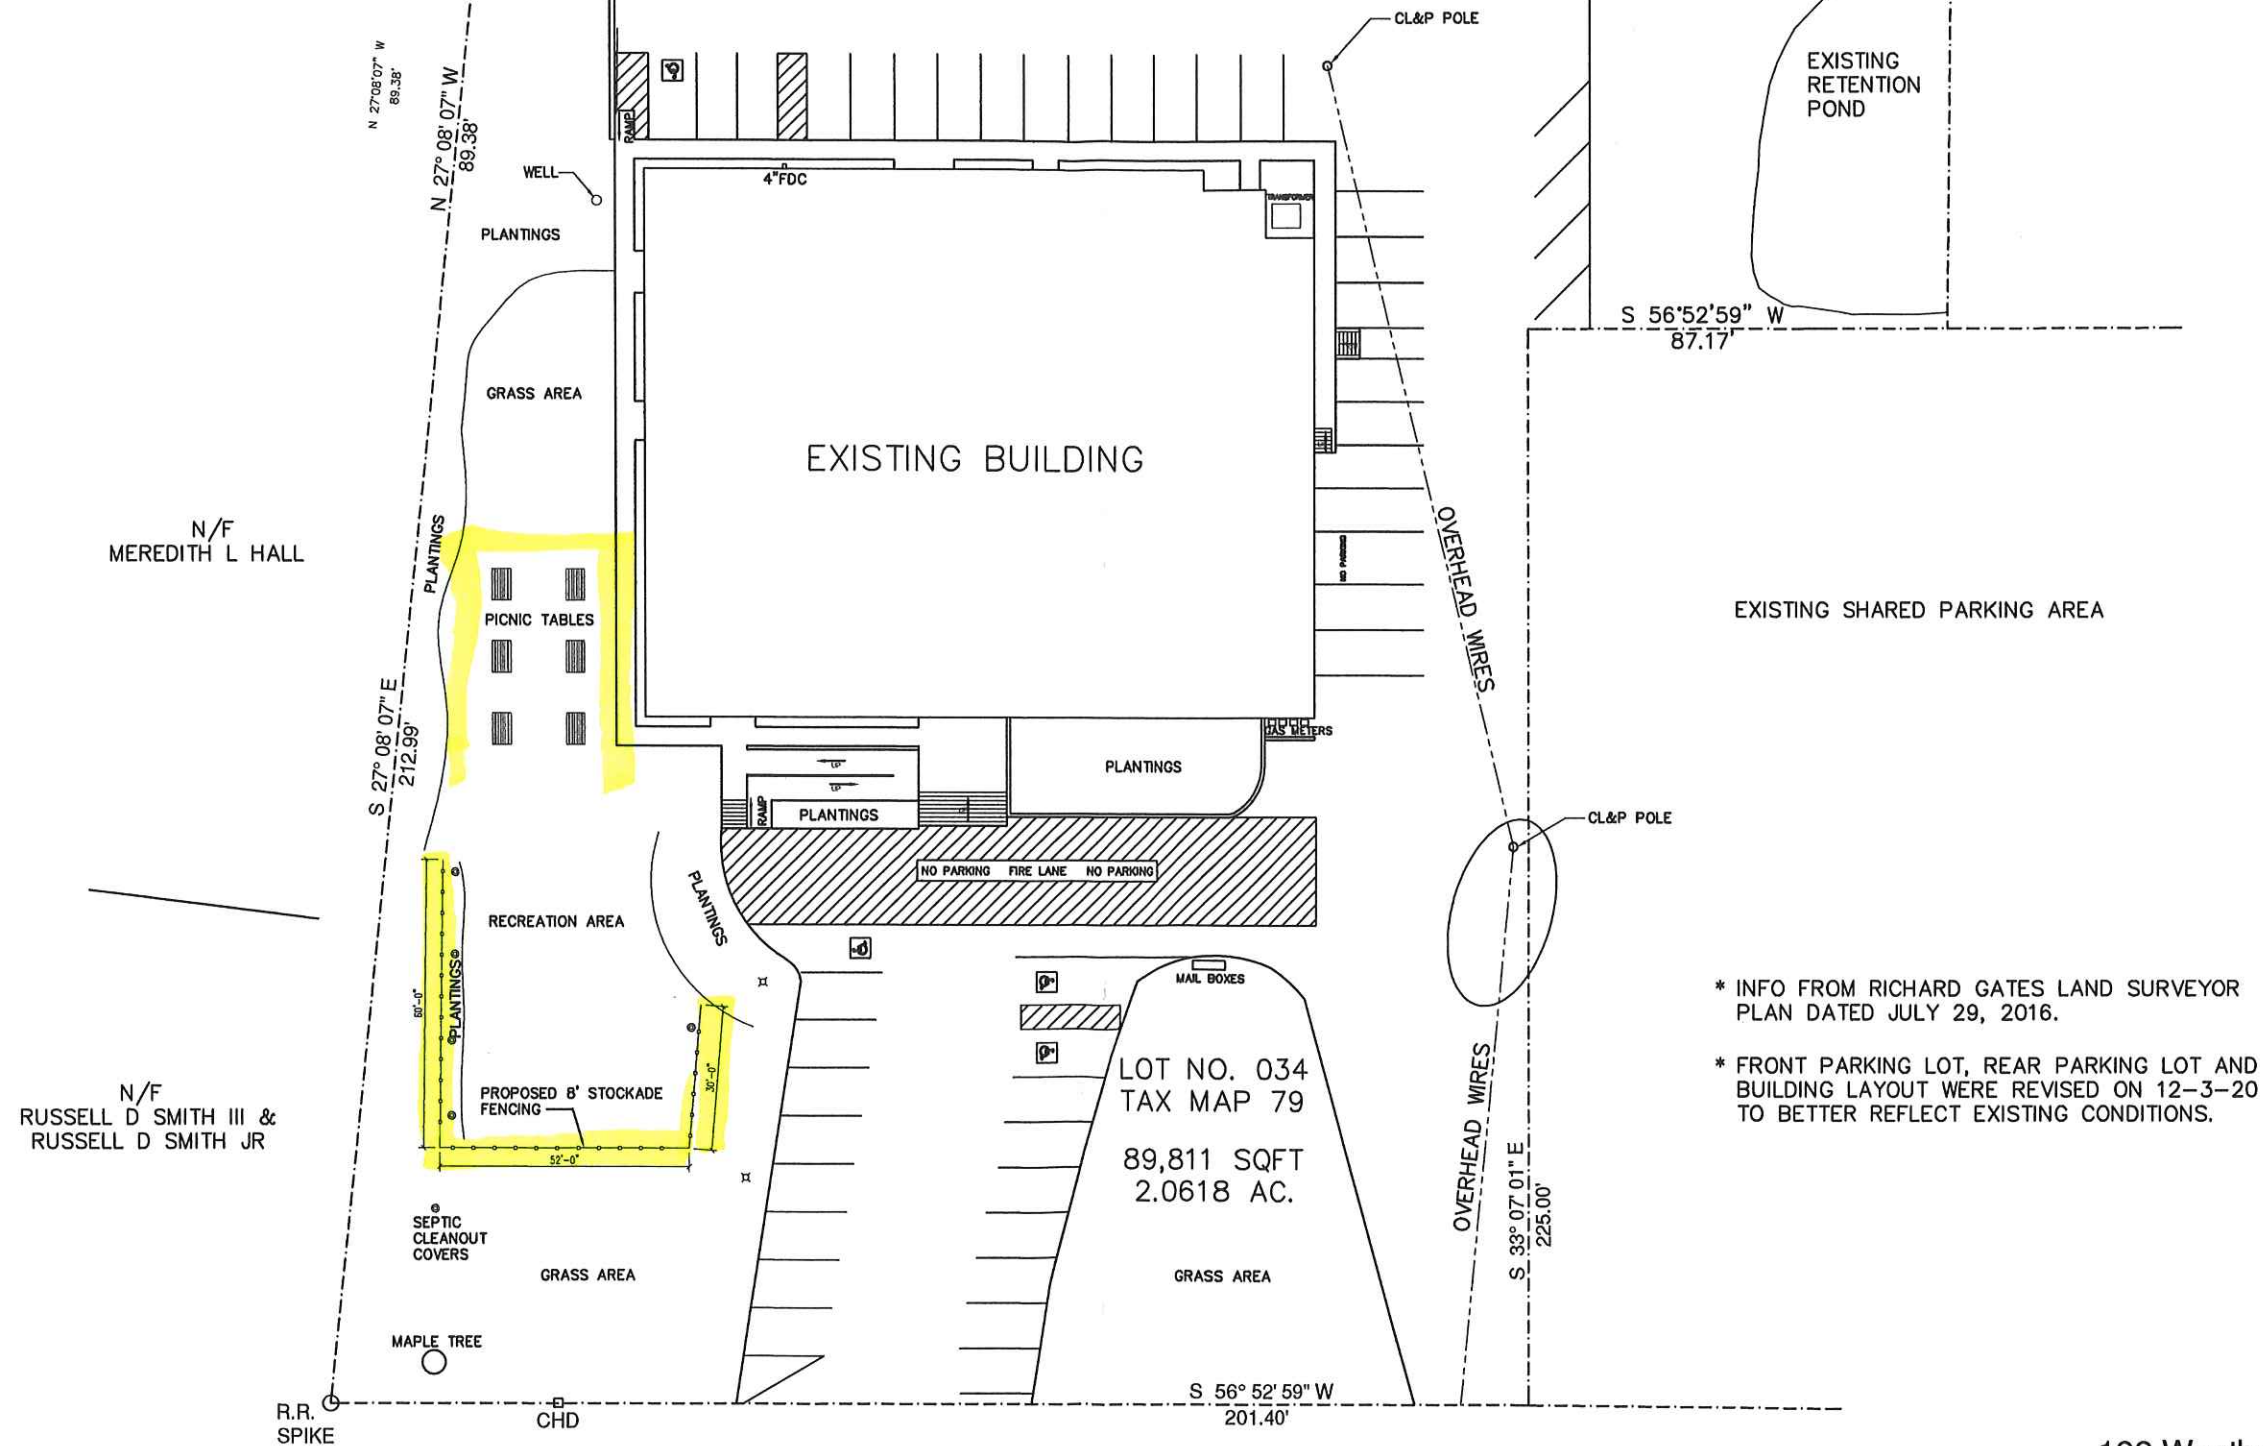

Areas of instruction include project management; meal planning and preparation; financial/resource management; building and maintaining relationships; coping strategies and self-care; managing health and wellness; and other practical life knowledge.

Our goal is to help young people understand how they can make a meaningful contribution in their jobs, social circles and communities. In areas ranging from carpentry to videography and graphic design, our students practice and develop creative approaches to problem-solving, and learn how to weave recreation and wellness into the fabric of daily life and purpose. We ensure that our students transition into the real world – a world in which they know how to communicate, navigate and achieve.

In this COVID-19 environment more than ever we have been utilizing the outdoors for much instruction. This has been helpful to keep our students and staff safer while also providing a nature based learning environment. We are requesting permission to erect a fence to enclose the area for the safety of students and staff. The area to be enclosed is noted on the attached diagram.

We respectfully ask Planning and Zoning for approval for this change.

Sincerely,
Pamela Potemri
Executive Director
Connecticut Coastal Academy
