The undersigned request a text amendment to the Essex Zoning Regulations.

This petition **requests a change in zoning regulations** and there is attached:

- 1) A full text of the proposed change in the zoning regulations clearly indicating existing provisions to be repealed and the new provisions to be enacted.
- 2) A complete and comprehensive statement of the reasons for any proposed changes, including any special interest the Petitioner(s) may have in such change, is attached.

This petition **requests a change to the Town's Zoning Map** and there is attached:

- 1) A map clearly showing the area to be re-classified and specifying the present classification and proposed new classification with existing and proposed boundaries.
- 2) A list, keyed to the map, of the names and addresses of the record owners of and within the area to be affected, and within 500 feet outside the area to be affected by such reclassification, and
- 3) A complete written description, by metes and bounds or courses and distances, of the location of any new zoning district boundary or boundaries proposed.

## ADDENDUM TO PAULIN –GLYMAN APPLICATION

The subject property is located at 20 Main Street in the Village of Essex just east of the town park. The property consists of a single family house and a detached garage on .42 acres (approximately 18,000. square feet). The issue is the house is in the Essex Village (EV) district and the garage is located in the Village Residential (VR) district. Section 40L of the zoning regulations, states that the zone with the more restrictive coverage requirements control a property which is located in two zones. In this case, the regulations allow 25% coverage in the EV zone and 10% in the VR zone, so there is a substantial difference in the allowed coverage. The current coverage on this property is 15.4%, which is significantly under the allowed coverage in the EV zone, but significantly over the allowed coverage in the VR zone. It is this dichotomy that Peter and Ruthann are trying to resolve. The Zoning Commission understood that the houses along Main Street would not have complied with the VR regulations due to the house size verses the lot size and further that the structures did not comply with the setback requirements in the other zones. As a result the EV zone was created. The Commission however, was concerned about over development of the residential waterfront, and therefore limited the EV district to not encompass the waterfront. This concern is not applicable to the subject property as its closest point is approximately 200 feet from the water. The amount of land they propose to add to the EV district is a very modest .16 acres and can be blended nicely into the zone line. This change will have no adverse effect on the adjoining properties.

## DESCRIPTION CHANGE

The proposed zone line change would relocate the line from a course of S 60° 43' 16" E and a distance of 65.21' to the following courses and distances;

S19° 51' 13" W, a distance of 50.61', N 73° 17' 22" W, a distance of 104.05' and N 10° 31' 55" E, a distance of 76.64'.
